Preparing for Your First Auction

6 Tips to Help You Score Big at the Auction

- **Come early**. Most houses will open up 2–3 hours before the auction starts to allow prospective buyers to take a look at everything that will be going up on the block. Inspect everything.
- Scrutinize. Be sure to check your finds for all imperfections: scuffs, cracks, and scratches. All sales are final at an auction, so know the exact condition of what you are bidding on.
- Come prepared. Many auctions become all-day events, so make sure that you are dressed appropriately and are ready with your ID and cash/check/credit, as well as a bottle of water and some snacks to tide you over as you wait for the items that you like to come up on the block.
- Set limits. When you come across an item that you are interested in purchasing, know what you are willing to pay for it before the bidding begins. Auctions are fast-paced and thrilling; it can be easy to get caught up in the excitement!
- **Be patient**. Wait for the auctioneer to drop the price of the item as low as it will go before you begin bidding. The auctioneer will usually start an item at a higher price point than it ends up selling
